

**LAKE MINNETONKA ASSOCIATION**  
**Notice of Treatment for the Control of**  
**Flowering Rush**

Notice is given the Lake Minnetonka Association will treat flowering rush, an aquatic invasive plant, on the following areas in Lake Minnetonka: Crystal Bay, Smiths Bay, Smithtown Bay, Browns Bay, and along shoreline of Big Island. EPA/Minnesota DNR approved herbicides will be applied in selected areas of each bay at no more than recommended application rates during July - October, 2021.

If a landowner does NOT want treatment to occur adjacent to their property, please complete this waiver and mail (or) e-mail it to the Lake Minnetonka Association:

**Lake Minnetonka Association**
